Dear Hiring Manager,

I am writing to express my interest in the React Native Developer position at your organization. As a Senior Software Engineer and React Native Developer at LTIMindtree, I am enthusiastic about the opportunity to contribute my expertise to your team.

My role at LTIMindtree involved leading the development of an internal communication app for Terex, which included integrating chatbots, payment methods, and tailored views. I have a strong background in cross-platform mobile app development, with notable projects like "Feazy - Contactless Dining" and "AONE: Nextgen Ridesharing." My problem-solving skills and quick adaptability have consistently been assets on various projects.

My technical proficiency spans React Native, Android, React.js, Node.js, Redux, GIT, Firebase, and Power Platform. In addition, I excel in JavaScript, HTML, CSS, Python, SQL, and Bash.

I look forward to discussing how my skills as a React Native Developer align with the needs of your organization. Please find my resume attached for your reference.

Thank you for considering my application, and I'm eager to speak with you about how I can contribute to your team's success.

Sincerely,
Divyanshu Alok
